Located in one of North America’s most important logistics hubs, our Miami office is a gateway for transport and logistics solutions across the United States, the Caribbean and Latin America. Our dedicated team offers a comprehensive range of freight forwarding and logistics services, all of which are tailored to meet your specific supply chain requirements.

Our facility serves as a strategic logistics hub for cargo handling, storage, and transit operations across the region. With proximity to key terminals, logistics providers, and service partners, we offer fast, efficient access to vital supply chain infrastructure.

Our modern site is equipped with advanced technology and secure systems to support the safe and efficient loading

and unloading of trucks and containers, cargo packing, and storage of materials and equipment. The facility accommodates a wide range of cargo types, including containers and breakbulk, ensuring flexibility for diverse logistics needs.

Backed by Blue Water’s global network and client-first approach, our warehouse delivers reliable solutions tailored to your operational requirements, whether for short-term storage, long-haul transit, or specialized project support.
