Blue Water Shipping Trinidad & Tobago, established in 2020, offers turnkey logistics solutions as the hub for Energy services in the Caribbean region.

Our local team of qualified logistics and transport experts provides high-quality solutions and services for the Oil & Gas, Chemical, and Renewable Energy sectors.

This includes international freight forwarding, offshore support, shore-based logistics, in-house customs brokerage, vessel agency, immigration services, materials management, all utilizing customized IT solutions.

The region is supported by Blue Water's International network consisting

of over 80 offices and 2,700 employees with 52 years of experience, globally.

As major logistics hub for the Caribbean, BWS Trinidad & Tobago is able to support our offices in Guyana and Suriname, further strengthening Blue Water Shipping as the leading logistics provider in the region.

We operate in all major ports:

- > Chaguaramas
- > Port of Spain
- > Piarco
- > Port of Point Lisas
- > La Brea
- > Port Galeota
