Blue Water Australia provides comprehensive transport and logistics services.

Our offerings include smart technologies and customised operations, supported by our extensive global network of offices.

We develop and optimise supply chain solutions and drive cost efficiencies, providing end-to-end support based in Australia.

Available solutions:

- > Weekly services
- > Door-to-door handling
- > Customs brokerage & consultancy
- > Warehousing & domestic transport
- > Supply chain optimisation
- > System integration & technical solutions

AIR FREIGHT

Benefit from seamless air freight solutions, supported by an experienced team with deep expertise across industries – from consumer goods to complex project cargo.

SEA FREIGHT

Our reliable FCL and LCL sea freight services, ensure your goods reach ports worldwide through our trusted global network.

REEFER LOGISTICS

Our tailored reefer logistics maintain a seamless, unbroken cold chain — supporting cross-trade, cold storage, temperature-controlled transport to door-to-door delivery.

BUYERS CONSOLIDATION

Shipments from multiple suppliers consolidated into a single shipment, reducing shipping and handling costs while improving delivery lead times.

FREIGHT ALL KINDS

Reliable Freight All Kinds (FAK) services for your mixed cargo ensure cost effective delivery across global trade routes.

MARINE LOGISTICS

We ensure the smooth execution of port calls through timely provisioning, delivery of ship spares as well as storage and distribution solutions.

Sea freight solutions

Efficient sea freight solutions, designed to meet global shipping demands with precision and reliability.

At Blue Water, we offer a truly integrated, single-point-of-contact experience from quote to final delivery—no call centres—ensuring accountability, speed, and unmatched service quality. We elevate your service experience with tailored transshipment solutions, seamless integration and proactive communication throughout the supply chain.

SEA FREIGHT WEEKLY DEPARTURES

Direct services

Sea freight direct services are routed from the European Union to Australia, with an average transit time of **45–55 days** across most carriers.

For specific transit times, please contact your Blue Water representative.

Benefits of direct services

- > Shorter and more reliable transit times
- > No transshipment of containers

Indirect services

Sea freight indirect services are routed via Asian hubs to Australia, with an average transit time of **60–70 days** across most carriers.

For specific transit times, please contact your Blue Water representative.

Benefits of indirect services

- > Increased service options across carriers
- > Cost efficient ocean freight rates

Air freight solutions

We provide seamless air freight solutions and ensure fast delivery of urgent shipments from anywhere in the EU.

Our best-in-class technical capabilities include automated CargoWise workflows, real-time customer dashboards and Power BI reporting for full visibility and control.

AIRFREIGHT

Weekly consolidations to main airports:

Sydney	3-4 days*
Melbourne	3-4 days*
Brisbane	3-4 days*
Adelaide	3-4 days*
Perth	3-4 days*

* Indicative transit times based off major carriers

We also offer

- > Unitised, loose & main deck services
- > Time & temperature sensitive services
- > Dangerous goods by air services (some restrictions apply)

COURIER SOLUTIONS

- > With partnership agreements across major courier companies globally, Blue Water offers reliable door-to-door solutions, supporting economical services for smaller shipments:
- > Transit times from 3 days
- > International & domestic services
- > From economy to priority service capabilities
