

Reefer Sea Logistics

With our global expertise you can benefit from our quality solutions

BLUE WATER SHIPPING

We do much more than moving cargo from A to B

Blue Water Shipping is more than the traditional transport and logistics provider. We are a global provider of all logistics services in modern supply chain management. At the heart of Blue Water is an organisation of professionals skilled to offer complete and tailor-made solutions to any shipping and transport requirement anywhere in the world.

Since the company was founded in 1972, our ambition has been to provide clients with the best service and highest quality in the industry. Our foundation is knowledge, decades of experience and dedicated employees.

From the very start – as a small local freight forwarding company in Esbjerg, Denmark – the ambition was to provide the clients with better service and higher quality than our competitors. Now - being a large international company - our ambition is still the same: to be Best in Town everywhere we operate.

Today, Blue Water is represented with more than 80 offices worldwide. In every Blue Water office, we combine our strong global network with local expertise – thereby adding value and providing our clients with services beyond transporting cargo in a safe and efficient way.

Thomas Bek
CEO

Our values

We play as a team – and we play to win

The colour of service is Blue – we work with passion to serve customers better - every day, everywhere

We keep our promises – because our business is built on trust

We believe in strong and long-lasting relations – enabling everyone to run a good business

Our responsibility reaches beyond our business – we take care of each other, our partners and society

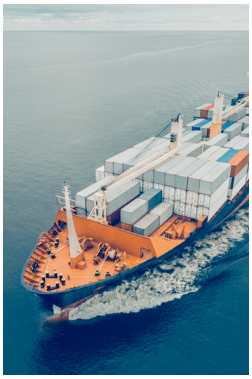

We constantly question status quo – dedicated to improving our efficiency

We operate within these areas

Road Transport

Do you want a reliable transport solution? With our fleet of modern trucks, we can deliver your cargo when and where you wish.

Sea Freight

Through our worldwide network of offices and contact with all major shipping lines, we can deliver your cargo to any port in the world.

Air Freight

When choosing Blue Water, you get access to global air freight solutions, courier services and air chartering based on your requirements.

Rail Transport

Choose rail if you want a reliable service with low environmental impact reducing the transit time from door-to-door.

Courier Transport

Our courier service is the perfect solution if speed and flexibility are important to you. You can book easily using our online system.

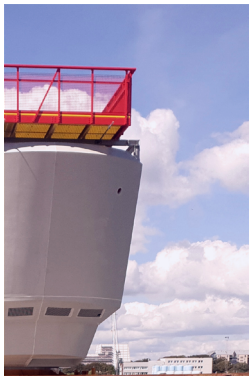

Reefer Logistics

It takes the right team of specialists to ensure an unbroken cold chain for temperature-controlled products and shipments.

Marine Logistics

We provide tailored solutions to the Cruise & Marine industry through a long-standing cooperation with our global network.

Renewables

The future is wind and solar power. We have been on board from the beginning offering broad experience within the renewables sector.

Port Service

We deliver full service to vessels and crew within port service and port agency through our worldwide network and dedicated agents.

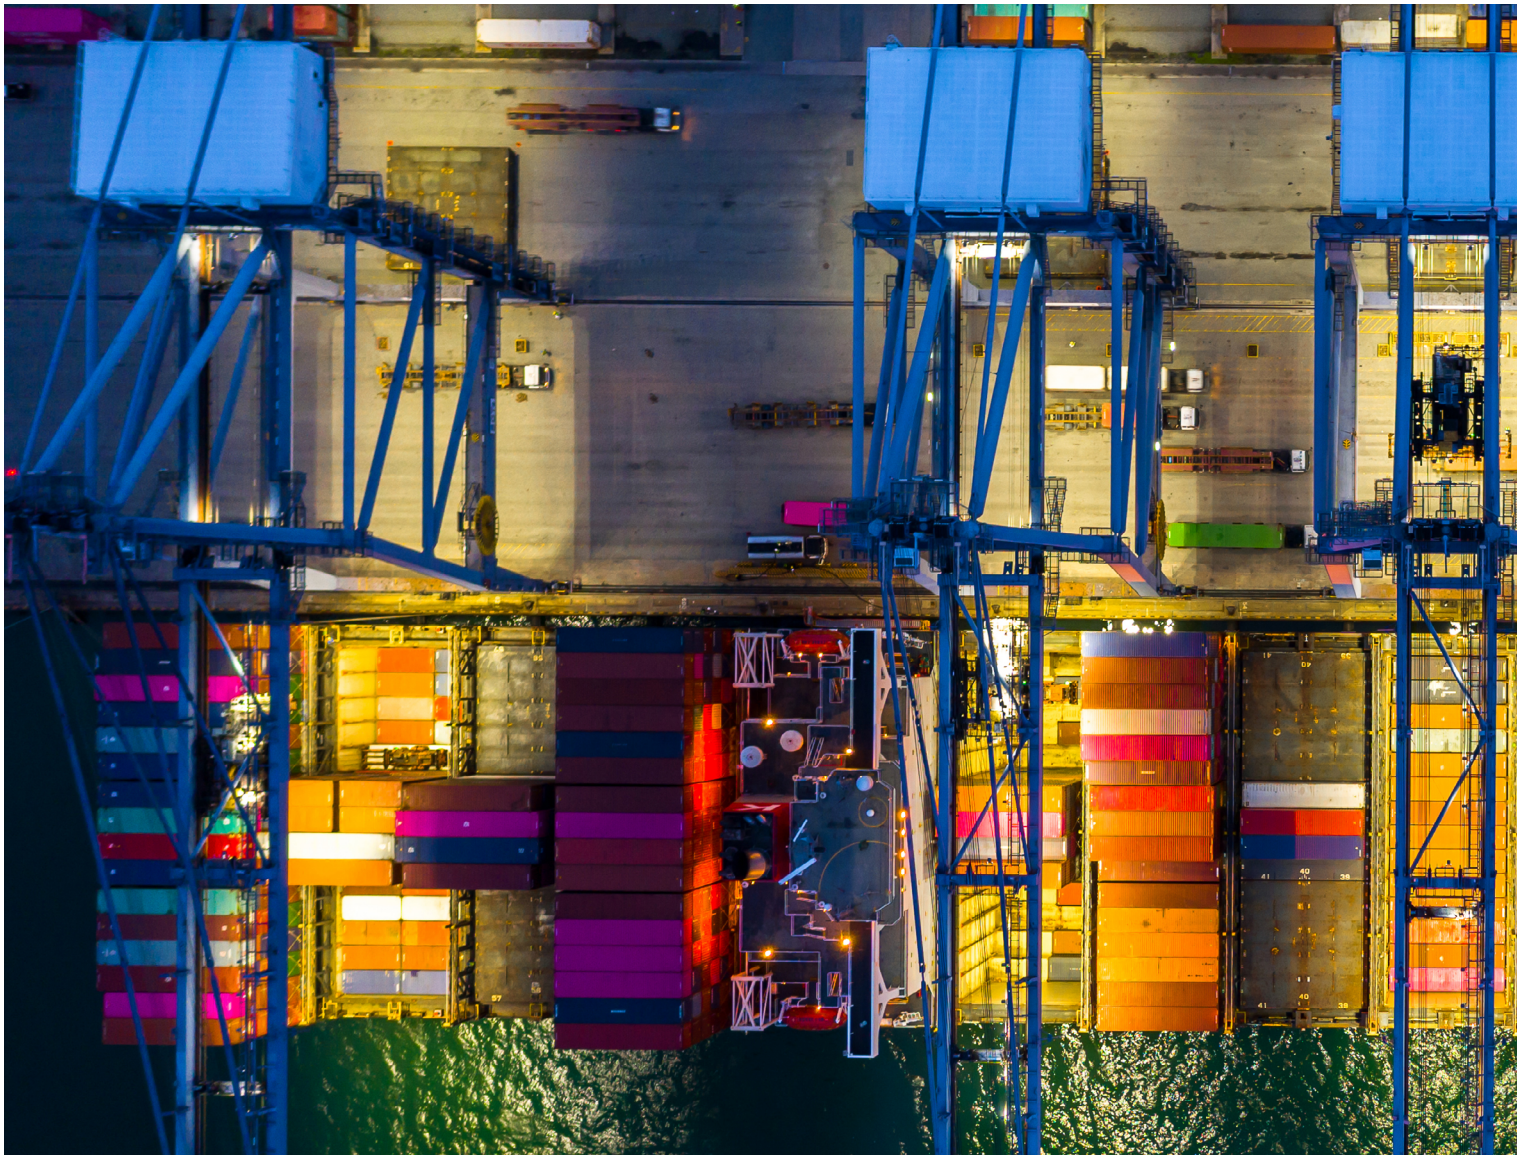

Oil, Gas & Projects

We handle complex and oversize project transports, and we do heavy lifts all over the world. Do you have a challenge for us?

Together we create solutions

Our company is based on in-house competences and expertise

Freight Forwarders	Shipping Experts	Shipbrokers	Customs Brokers
Quality Inspectors	Port Captains	Stevedore Foremen	Naval Engineers
IT Developers	HSSEQ Specialists	Legal Advisors	Chartering Agents

Worldwide logistics solutions to the reefer industry

Since the start of the early 1980's Blue Water Shipping have been involved in the global reefer market. Starting with Reefer bulk-vessels with dairy products from Europe to Middle East, moving into the booming export market from South America, into worldwide containerization by the late 80's.

During the last decades BWS has build up a reputation as a reliable expert within transport of temperature controlled cargo. Our dedicated specialists have a long and valuable experience with markets, commodities and solutions.

Our focus is on high quality service and a proactive approach to daily challenges to ensure a smooth transportation process from our clients to their clients.

We have own locations in all the major sourcing markets globally and a dedicated cross trade group to focus and cater for the customer's needs.

Our global volume gives us access to strong buying rates and contacts with the main reefer shipping lines globally and locally.

Reefer experts at key locations

With carefully selected office locations worldwide, we pride ourselves to be represented in all reefer markets from South & North America throughout Europe & Middle East to Far East and Australia.

It takes the right team to ensure an unbroken cold chain for temperature-controlled products. Our experienced and professional teams provide the best customized solutions including cross trade, door-to-door delivery, combined transport, as well as cold storage of the products.

We offer worldwide reefer container transport from all origins to all destinations, using A-categorised carriers and chartered vessels – Our service also includes a unique IT system for monitoring every step of the transport. Whether our customers are shipping Proteins, Seafood, Dairy or Pharmaceuticals, we are able to cover their needs and demands.

Crosstrade through global network

Through a comprehensive network of our own offices, combined with agents and partners in markets all over the world, you will benefit from our crosstrade

services, from anywhere to everywhere using our local contacts and their expert knowledge.

Whether you need to ship beef from South America to the Middle East, fish from the Far East to West Africa or poultry from USA to the Black Sea, we have the experience and the right connections to move your cargo in an efficient and competitive way.

Local partner with global coverage

Blue Water is a global provider of tailor-made transport and logistics solutions specifically designed to meet the requirements of our clients. No matter destination or type of cargo we add value and work in close cooperation with our clients building mutual trust and personal relations.

Our solutions include IT-systems, which can easily be integrated with our clients' systems providing a seamless data flow supported by personalised service.

Blue Water is a total logistics provider handling all aspect of transport by sea, air, road and rail. We take active part in providing a healthy and safe working environment for all employees, clients and business partners.

Based on local contact with global knowledge we have offered our services to ship owners, ship management companies and vendors to the reefer industry since 1972.

Air Freight

In the fast moving markets of seafood, proteins & perishables, we often experience our customers needs for a quick delivery to various destinations all over the world.
Therefore, Blue Water Shipping's dedicated team of airfreight specialists are creating tailor made and cost effective airfreight solutions for fresh and temperature controlled shipments worldwide, whether it is a small sample or several tons of cargo.

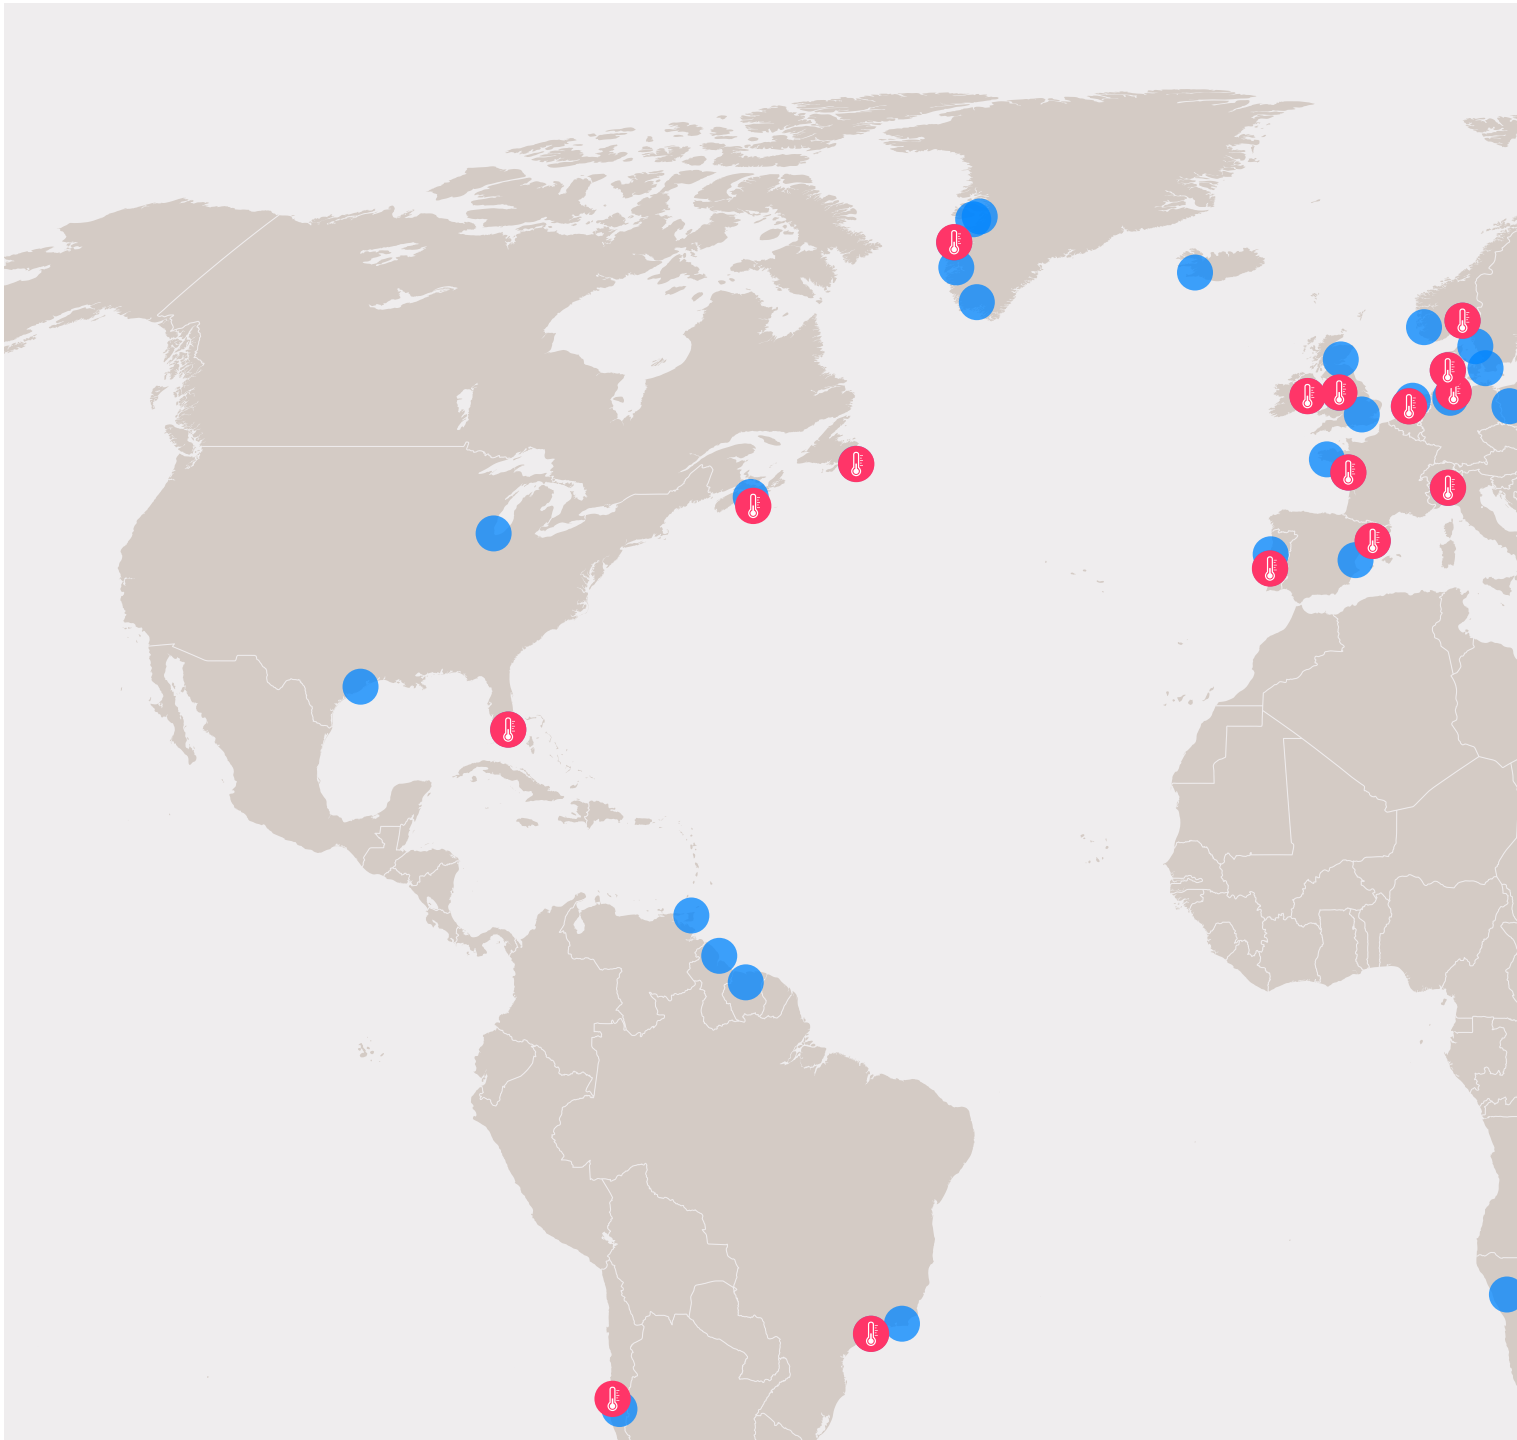

Our knowledgeable experts also offer consulting services, for your packing, loading and customs clearance requirements.

Blue Water Shipping is official IATA agent since 1978, and we are enjoying access to all major airlines, and also benefit with a local approach through our worldwide agency network.

Road Freight

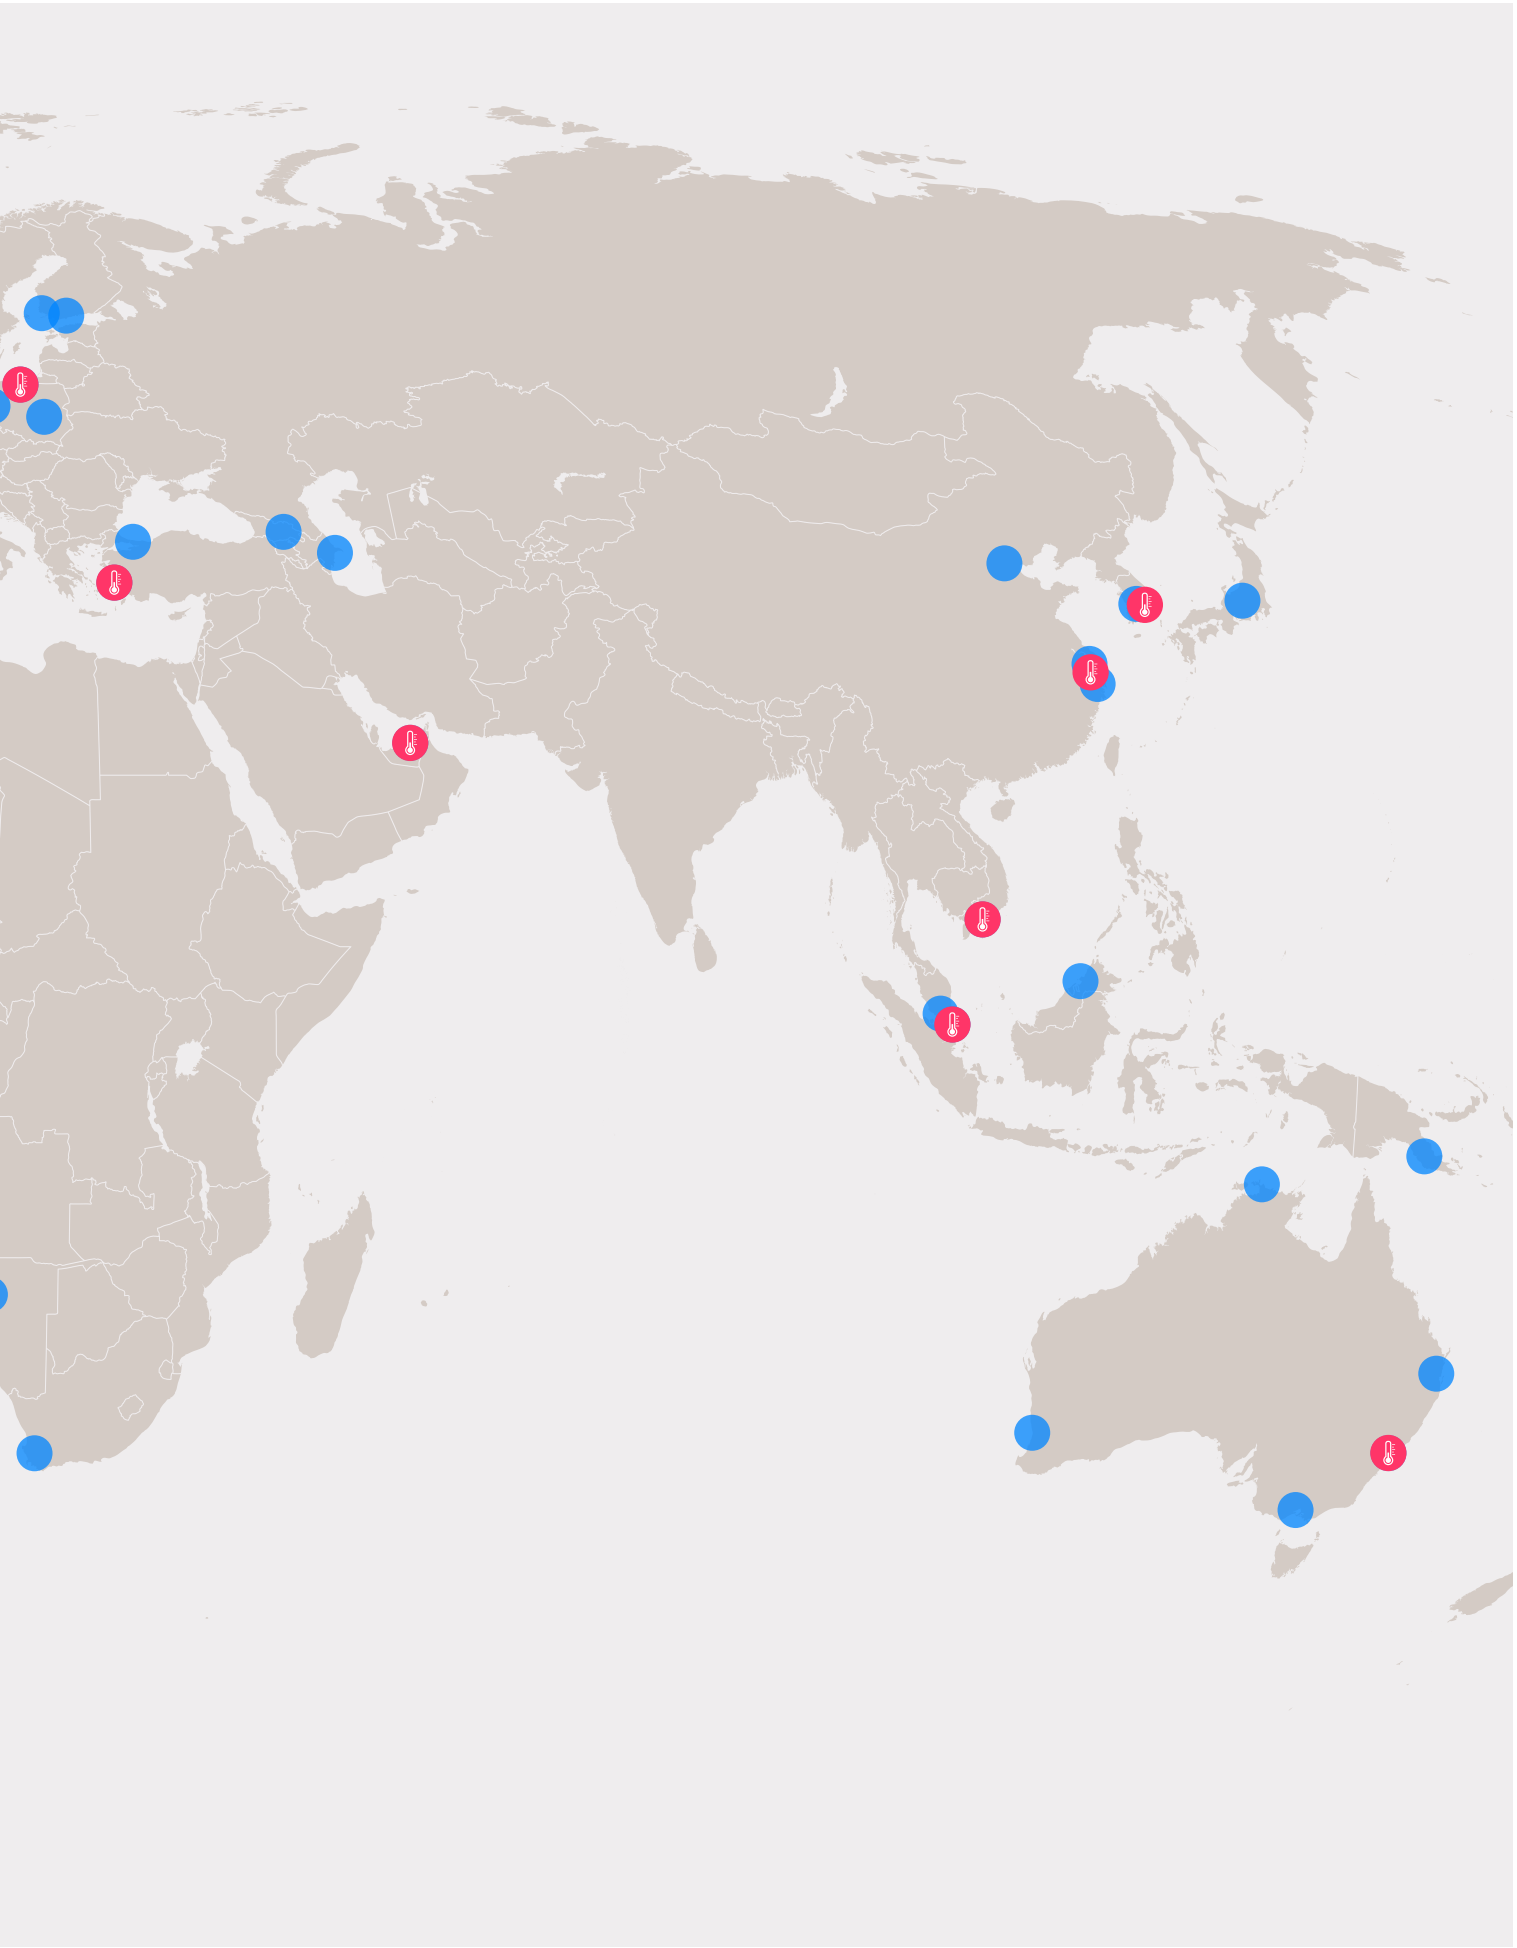

Within Europe, we operate a fleet of more than 300 reefer trucks. Our reefer trailers are monitored, thus keeping us informed about the exact position and temperature of the cargo. By strict temperature control, we ensure that the cold chain remains unbroken and that your perishable, chilled and frozen cargo stays in good condition from pick-up until delivery anywhere in Europe.

Quotes from our clients

I have peace of mind when shipping with Blue Water, being extremely service minded. Response times are short, and if they can't answer quickly, they let us know.

Blue Water is a serious business partner which we can use for sparring and developing our business.

We get high-quality, fast and personalised service from Blue Water. They are always willing to come to our rescue in urgent cases and problems with deliveries.
