

# Global **Environmental** Policy

REV3 / 2023.01.19 / JHHA-ROHO

**Blue Water Shipping is certified in accordance with ISO 14001 and therefore we focus on continuously reducing environmental impact on the basis of defined environmental targets.**

## **We will ensure minimal impact on the environment by**

- › Working target-oriented towards minimising environmental impact from day to day business
- › Influencing and motivating customers and suppliers to prioritise environmentally friendly transport solutions
- › Working to be at the forefront of environmental initiatives within the business, and build up knowledge and competencies to benefit our customers and their environmental image
- › Ensuring that existing legislation is observed
- › Emphasising and determining significant environmental aspects and targeting the effort to reduce these

## **To achieve this we will**

- › As a minimum ensure compliance with international and local legislation. As a minimum ensure compliance with international and local legislation and other specific commitment(s) relevant to the context
- › Protect the environment and prevent pollution
- › Implement a documented and certified environmental control according to ISO 14001:2015
- › Continuously carry out measures and follow up on environmental impacts
- › Set up goals for improvement and plans of action as well as systematic follow-ups on performance and results
- › Supervise the efficiency and adequacy of the environmental control system in relation to objectives and goals for improvement through internal audits and management review (performance review)
- › Prepare plans for environmental aspects in connections with projects or by client demand as well as documenting and controlling the process according to these

A handwritten signature in blue ink, which appears to be 'Søren Nørgaard Thomsen'.

**Søren Nørgaard Thomsen**  
CEO, Blue Water Shipping
