

Label instructions

Blue Courier - Parcel

All parcels must display a label to be handled effectively and safely.

Please follow the instructions below to avoid extra handling charges.

REV11/2022.09.20 / MAPA-ROHO

Leave the barcode clearly visible. The label print must be complete and not blurred.

Do not cover the barcode with anything causing reflection such as a plastic pocket, tape or likewise.

Place label evenly on parcel and avoid creasing it.

Avoid placing the label on the parcel joint.

NB! The above is solely an instruction on how to label your goods. Blue Water cannot be held responsible for parcels charged with a fee due to non-approved labeling.
